OFFICE OF LEGISLATIVE COUNSEL

Thursday - 16 November 1967

25X1 1. [] Talked further with Senator James Eastland (D., Miss.) concerning the Rodino bill. See Memorandum for the Record.

25X1 2. [] Spoke briefly to Drury Blair, who is handling the Rodino bill for the Senate Subcommittee on Immigration and Naturalization, and informed him that it is presently planned that the two Radios will continue.

25X1 3. [] Spoke to Jay Sourwine, Chief Counsel, Senate Special Subcommittee on Internal Security, as a follow-up to a previous conversation and informed him that it is presently planned that the two Radios will continue in operation. Sourwine said the Senator who had spoken to him about this previously had nothing against the Rodino bill, but was apparently looking for a lever to insure that the two Radios would continue.

25X1 4. [] Spoke with Mr. Ed Willett, General Counsel office, Civil Service Commission, and learned that Chairman Macy has been out of town, but that the Commission report on the Agency's revised legislative proposal is on his desk waiting for signature.

Mr. Willett said that new Section 291(a)(2) of H.R. 13705 would clearly permit the retroactive payment of annuity adjustments.

25X1 5. [] Left with Mr. J. R. Blandford, House Armed Services Committee, a blind memorandum covering the helicopter carriers and the Kresta-class cruiser dated 13 November 1967. Also left with him a blind memorandum on Soviet submarines dated 15 November 1967.
